

NATIONNAL RESERVE

(UNIVERSAL ANTI-GLARE BALLOON LIGHT)

PB1000BAS-LED

- LED 1000W x 1 lamps can be used with home electric system 220 Vol/50Hz and generator.
- Anti-glare, shadow less, high luminance (220,000 lm) and large scale illumination in range of 360°.
- LED light energy-efficient.
- LED light: Longer life & least 50000 hours of light without replacement, reliable & high performance.
- LED balloon tower, the light source is gentle, calm victims and the injured.
- Instantaneous lighting and instant restrike with no warm up or standby time required, more suitable for rescue and relief.
- LED light maintenance: No need replacing bulb and lamp, no maintenance cost.
- Maintenance free, can be used at any time.
- Energy saving and environment protection: LED light can save 50% fuel than traditional metal halide light.
- Advertisement can be made on the surface of balloon to improve enterprise's popularity.
- Equipped with generator, more flexibility, more professional.
- Adopts hand manual mast: up to 4170m, 360° rotation.

- Balloon construction: adopted reliable performance & high pressure & cooling-fan & foldable & stronger wind resistance.
- Balloon envelop is made up of exclusive & rain proof & import fabric
 Nylon materials, better light transmission, rain proof, sun protection, anti-aging and toughness etc.
- Standard equipped with inflatable, high performance tires. More accord with complex traffic environment to use, such as disaster areas
- Maximum inclination working is not more than 10°.
- Anti-wind for 6m/s.
- The packing box: it's Chinese military weapons special boxes with PP alloy material
- Various kinds of events since it is glare free and shadow less. It has played an important role in the Olympic Games, NBA and Rally Championship, etc.
- In big events such as concerts, celebrations, press conferences, etc.
 the balloon light tower is highly praised due to its special illumination and decoration effect.

Feature of balloon light

1. SAFE

Glare-free lighting

Balloon Light gives enough light to a work area but eyes are never blinded by glare even if seeing the light directly. It is friendly to surrounding traffic.

2. EFFICIENT

Wide area & 360 degree illumination

Balloon Light can radiate the homogeneous light far and wide from the balloon to all directions.

3. COMFORT

Large light source

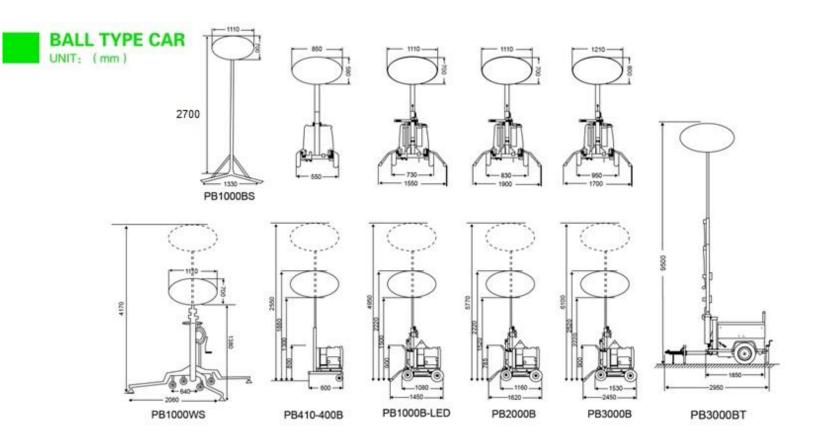

Balloon Light that forms less darker shadow is also comfortable for the workers.

4. VERSATILE

Message strip

Since Balloon Light has integral Velcro fastener, "message strip" can be quickly attached with no tools.
